

SUNSET ACRES HOMEOWNERS ASSOCIATION, INC.

TAVERNIER, FLORIDA 33070

February 24, 2012

The Harborage Board of Directors

Key Largo, Florida

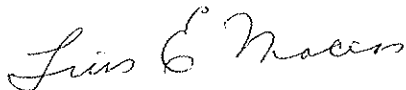

To Whom It May Concern;

We highly recommend BC Enterprises for any sewer connections and wastewater treatment plant abandonment needs your community has. BC completed about 30% (23 of 72) of the homes in our community and was, by far, the most professional, courteous and quality oriented company that worked on the sewer connections. Their finish work was the best of all the companies that worked in Sunset Acres, including all the concrete work that we needed.

Regarding the abandonment of our wastewater treatment plant, BC handled the entire process for us, including engineering, permit processing, surveys, plant demolition, well abandonment and all the post completion DEP required paperwork. Their office and field personnel were always available to talk with and responded promptly to our every need.

If you have questions or would like additional information about our relationship with BC, let me know and I will respond immediately. My cell # is 305 542-7205.

Sincerely;

Luis Macias, Treasurer

Sunset Acres Homeowners Association, Inc.
